

Finding Older Non-book Material:

PEI Collection Card Catalogue

- The PEI card catalogue in the Special Collections Reading Room is arranged by subject: ask for assistance if you're not sure which heading to check.
- The card catalogue provides access to pre-1997 PEI periodical indexing, to the thousands of pamphlets, clippings, etc. in the PEI Vertical Files, and to other information resources not found in the online library catalogue.
- If you find a heading with lots of cards under it, remember that cards within a particular heading are sorted alphabetically by author name, or by item title where no author is credited. Some popular subject headings are also subdivided, as shown below.
 - P.E.I. - Biography - [name of person - last name first]
 - P.E.I. - Business Firms - [name of business]
 - P.E.I. - Local History - [name of community]
- If you are not sure what information to record from an index card, flag the card with a slip of scrap paper and show it to Library staff.

Digitized PEI materials

- [Island Archives](#)
- While it represents only a fraction of the content available in the University Archives and Special Collections, this large and ever-growing digital repository of PEI-related books, maps, sound recordings, and periodicals will often prove worth a look!
- This is still a work-in-progress, so please don't hesitate to ask for assistance.
